RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

This communication is in response to the Office Action dated September 24, 2003, requiring election/restriction of the above-referenced application to one of the following groups of claims:

- I. Claims 1-16 drawn to an ablation instrument; and
- II. Claims 17-19 drawn to a method of ablating tissue.

Applicants elect the Group I claims (1-16).

Upon election of the Group I claims, the Examiner further requires election of one of the following "patentably distinct species" of the present invention:

- I. Fig. 4A;
- II. Fig. 4B; and
- III. Fig. 4C.

Figures 4A-4C illustrate a cross-sectional view of three different embodiments of first and second members of an ablation device according to the present invention. All claims read on Figure 4C, and therefore Applicants elect the Group III species. Accordingly, no claims are withdrawn as being drawn to a non-elected species.

The Examiner is encouraged to telephone the undersigned attorney for Applicants if such communication is deemed to expedite prosecution of this application.

Respectfully submitted,

Date: October 16, 2003
